Bienal de Poesía Experimental de Euskadi. 2008
Euskadiko Poesia Esperimentalaren Biurtekoa

In the autumn of 2006, La Única Puerta a la Izquierda (The Only Door to the Left) (L.U.P.I.) organised an encounter of currents, tendencies and “operators”, one of the events was the creation of an archive of publications, orientated on experimental poetry, creating a guide “**DOSSIER DE PUBLICACIONES DE POESÍA EXPERIMENTAL 2006**” where more than 80 publications are gathered.

One of the first conclusions drawn from those *I Jornadas de Poesía Experimental de Euskadi / Euskal Herriko Poesia Esperimentalaren I Jardunaldiak* was that these forms of creations find their principal support in specialized publications and editions, minorities because they are very limited, because on their own create a piece of art and because mostly they owe their existence to the insistence of their creators.

Today the *Biennale of Experimental Poetry in Euskadi - EXPOESÍA 2008*, recovers those “*I Jornadas...*” celebrated in Barakaldo in 2006, therefore the coordinators and the Cultural Association *L.U.P.I.* have decided to organise the following convocation.
